Verdict: MEDIUM RISK

Detailed Analysis

Lease Agreement Audit Report

Overview:

This is a standard residential lease agreement with some potential issues.

Compliance with Tamil Nadu Regulation of Land Tenancy Act, 2017:

The agreement is generally well-structured but has a significant compliance issue related to the security deposit.

Details:

- Rent: Rs. 6,000 per month.
- Deposit: Rs. 60,000. This is 10 months worth of rent.
- Term: 11 months (Starting July 1, 2008, and ending May 31, 2009).

Risk Assessment:

- MEDIUM RISK: The primary risk is the high security deposit. According to the Tamil Nadu Regulation of Land Tenancy Act, 2017, the security deposit should not exceed three months' rent. In this case, it significantly exceeds that limit. This could lead to legal disputes.

Recommendations:

- Revise the security deposit to comply with the Tamil Nadu Regulation of Land Tenancy Act, 2017 (maximum Rs. 18,000). Inform the tenant of this legal change.
